- In 2005 SAPA and SACCT joined hands and started Payroll Giving.
- In the 1<sup>st</sup> month there was 1 company on board with about 10 employees contributing. R800 was raised.
- Almost not worth it!!!!

- Soon more companies and more employees came on board.
- By February 2006, R29 630 was distributed to the benefitting charities.  
An average of R2469 per month.

- The total Payroll Giving contributions to the Trust, stands at just more than R40 million.
- The monthly contribution at the end of June 2015 was a phenomenal R550 000.
- This translates, on the ground, to a lot of success stories.

- Mama Pule – WAS an African Child Feeding Scheme beneficiary.
- This mother of 3 school aged children, was unemployed and therefore she was cleared to be a beneficiary. She received assistance in the form of food parcels and training.
- She was however part of a group that recycles paper, to make earrings, necklaces and bracelets.
- This skill allowed her to develop to a point where she no longer needed assistance herself. She also started training other women to be self sufficient, and see to that they also are now part of the solution.
